

Ideas for Generational Ministry for Women #1

By [Chris Adams](#)

Sarah shares this great ideas for connecting women with high school girls:

I've also started the planning for a "Bride of Christ" retreat for the senior high girls in which our adult leaders and ladies of the church will be involved in a ceremony for the girls. I'm creating it around a wedding and approaching it that we should be married to Christ first so that we understand the love of Christ before we even begin to embark on love from a man. The goal is to provide each of the young ladies with a veil at the start of the retreat and before it's over, they get to "walk the aisle" to Christ and receive a "true love waits" ring from one of our adult ladies, and essentially be married to Christ through a commitment ceremony. I have some senior high girls that are helping me plan it as well, and we're going to start it with a wedding shower, and end it with a wedding reception!

And here is a retreat idea from Elena:

Our conference each year has approximately 90 women. We provide a Friday night extravaganza, starting with dinner and some sort of pampering and an early bird break out, general session then dessert. In the morning we start off with a huge home cooked meal, two more breakout sessions and two more general sessions... Lots of music, praise and teaching! To bridge the gap, each year we try to cover a wide range of topics in our breakouts that will specifically speak to each stage of life that our ladies might be going through! Our general sessions do the same. From the tote filled with goodies, food, decorating and fellowship times, we hope each lady walks away feeling special, pampered and spirit filled!
